

Thanks to INFO NOW, We Can Sell Your Home While You Sleep!

Putting your home on the market? We can give your home more market exposure with INFO NOW, a unique interactive telephone system. INFO NOW provides a recorded audio description of your home that prospective home buyers can access 24 hours a day!

Buyers just dial the 800#, then enter the four digit property identification number (PIN) assigned to your property. They will get the inside scoop on your home, such as the asking price, number of bathrooms and bedrooms, and other descriptions of special amenities. This PIN number will appear in all our advertising and on yard signs—home buyers can't miss it! And you'll have an edge over the home down the street!

INFO NOW is brought to you by:
